

Holy Cross Lutheran Academy & Preschool

Severe Weather – Policy

Holy Cross Crisis Management Team has elected to follow the Seminole County School Board regarding the closing of our facility in Severe Weather Conditions. If Seminole County schools close, so will HCLA.

HCLA does report facility closing and re-opening on all major TV and radio stations (Z88.3).

Reopening our facility does **NOT** follow Seminole County Schools. We re-open our facility based on a sound structure and safety for all. We will record our message on our telephone and post a note on the door for re-opening.

HCLA – Elementary & Middle School – only

Upon HCLA reopening after the severe weather threat is over, please report back to school. Again, we don't follow Seminole County Schools on our re-open policy. Attendance will be taken and all school functions will resume as normal.

We pray for the safety for all our HCLA families.
